

# **ALTA IRRIGATION DISTRICT**

## **NEWS RELEASE**

**May 5, 2009**

**All indications point to another dry year.**

**The current Department of Water Resource's Bulletin 120 April through July water forecast for the Kings River is 75%. At this time, Alta Irrigation District is scheduling its surface water deliveries on May 14, 2009. Water allocation will be based upon three days of water usage per twenty acres running one cubic foot per second for 100% entitlement lands. Water orders will be taken starting Thursday, May 14, 2009.**
